

THE VOICE OF PEER EDUCATORS

PEER EDUCATOR TRAINING
OMNIA: SASOLBURG
21-23RD SEPTEMBER 2011 & 26 – 28TH SEPTEMBER 2011

FEEDBACK FROM EVALUATION FORMS:

Post course evaluations are conducted to gather information regarding the course and possible room for improvement of the programme and presentation skills of the facilitators. Results from this evaluation are used for continuous improvement.

Please note that comments are verbatim...as written by peer educators.

1. Was the workshop meaningful to you as a Peer educator? Please explain.

- Yes, informative good guide lines. Will help to place structure and helpful tools for the future
- Yes I learn a lot
- I learnt facts – not hearsay
- Very much – it cover info on various areas
- Yes, I have better understanding
- Yes it was meaningful as I have acquired more information
- Yes I thought I knew the basics but realised that there was a lot of information I still need
- I thought HIV was a death sentence
- Ek het baie geleer by die 3 dae
- Relevant context and practical course was interactive
- Yes it answered most of the questions

- Yes I understand the virus better but the psychological side impressed me the most. Never thought about the feelings of a HIV + person before
- Yes very much. I learnt so much more about HIV/AIDS
- It captivated me to know and understand HIV/AIDS better so I can educate and better relate to those infected and affected
- Yes because I know more about Aids than before
- Yes, have learnt a lot about HIV
- It was really meaningful because I had little knowledge about HIV/AIDS
- Yes, a lot of information I did not know

2. What did you enjoy most about the workshop?

- the whole programme, game, practical, creative pictures
- to know about HIV & AIDS
- The game we played and presentations we gave and video we watched. The presenter was very nice.
- interaction amongst group and positiveness to start the challenge
- The board game and the test we did with the patient's blood. Interaction with everybody.
- the immune system
- Ek het goed geleer want vandag ek ken die verskil tussen HIV & AIDS
- The fact that you can apply in the workplace and outside
- That the information can help not only me, also the family at home, not only at work.
- Everyone was involved. Movies and presentations awesome. Manual simplified and readable
- Enjoyed to be involved and people whom I attended with participated
- Stella's people skills. She engages our views and understanding. She does not impose her views and doctrine. She makes it interesting, This is not easy to forget "sketches of cartoons".
- Discussions were interesting and the taking of ARV's
- It was the instructor (Debbie) gave us the opportunity to do presentation about HIV & AIDS
- The videos
- Getting deeper about the virus and the ARV's
- Everyone's participation
- Everyone gets an opportunity to speak
- Being able to explain to someone about HIV/AIDS. Knowing that there is a lot of help out there

3. Was there anything in the workshop that you did not like or did not find helpful?

- Stella did well in accommodating those not understanding English. Sesotho and Afrikaans manuals should be presented next time as well.
- All that I learnt was helpful and meaningful

4. How do you feel about your role as a peer educator and has this workshop equipped you for that role?

- Passionate glad to be in a position to help people improve their life. Workshop gave lot of tools
- I feel good about it because I already have people coming to me
- Very great because this workshop gave me information
- Very interesting
- It's a difficult job
- Ek is bly van die role van peer educator
- It definitely has. I want to see the programme unraveling from workplace HIV/AIDS programme to an array of other issues
- Will be able to help someone now
- I feel good because I can pass my knowledge to other people
- Yes, can help people who need help
- Happy and willing to help, like ministers preaching some will hear you but others not.
- I am a changed person altogether and will bring change to my colleagues and family
- Very challenging but with the information and help it should be much easier than anticipated.
- Yes, it did a lot but most important it taught us not to pretend we know
- I would like to get involved and yes it did equip me
- Huge responsibility – time management will be a huge challenge. Will do my best

5. Any other comments

- Interesting and instructive. May God bless the work ed-unique and other bodies are doing in managing HIV/AIDS.
- Stella must come and do the follow-up and check on our progress
- I really enjoyed the course
- Was great being here
- We should have one session per year
